

**Mosaik**  
CREDIT UNION

At **Mosaik Credit Union**, we believe in building stronger communities through solid partnerships and collaboration. By hiring locally and providing Personal and Commercial loans to our members and their small businesses, we ensure that funds stay at work right here, reinvesting in the local economy.

Our profits don't flow to shareholders—they stay within the community, supporting the people and businesses that make it thrive. Together with our members, we focus on empowering financial well-being. As a credit union, putting people first is not just a priority—*it's our purpose.*

Unlike traditional financial institutions, Mosaik Credit Union is owned by its members. This means every member has an equal voice, with voting rights and the ability to participate in decisions that shape our future—no matter the size of their account or business volume.

Our unique member-focused structure supports a culture of collaboration and shared success. While we're rooted in community values, we also provide all the modern financial products and services you expect—chequing, savings, loans, mortgages, RRSPs, RRIFs, ATM access, telephone and online banking, investment services, and financial planning. Through partnerships and contributions, Mosaik Credit Union strengthens the connections that bring us all closer together.

Below, you'll find the Sponsorship & Donation Application for Mosaik Credit Union. Please complete the application in full, including supporting documents, before submitting.

As a member of Mosaik Credit Union, you're part of a community that invests in its own success. Your membership helps fund sponsorships and donations that support local initiatives, businesses, and organizations that matter most to you. We prioritize sponsorship and donation requests from our members, ensuring that the causes you care about are at the heart of our giving. Together, we strengthen our communities by giving back and creating opportunities for growth and connection. At Mosaik, your membership doesn't just make a difference—it shapes the future we build together!

## MOSAIK SPONSORSHIP & DONATION APPLICATION

Mosaik Credit Union strives to live the Co-operative Principles every day. One of the seven Cooperative Principles is: **Concern for Community.**

Mosaik Credit Union remains a strong supporter of our communities and locally based events and organizations. As members of these communities ourselves, we endeavor to enhance these communities with each decision we make.

Please fill out and submit the following form to your local Mosaik Credit Union branch or via email to **communityimpact@mosaikcu.ca**
